

REMARKS/ARGUMENTS

Applicants received a Notice of Omitted Items indicating that Figure 6 was missing from the specification of the above-identified application. Upon review of the specification, Applicants noted that six figures were indeed filed but two figures were identified as "Figure 3". Accordingly, applicants respectfully assert that all of the figures have been submitted and that the Notice of Omitted Items is in error. An amendment to the drawings is being made concurrently herewith to delete one of the Figure 3 labels and correctly identify the Figures as Figure 3, Figure 4, Figure 5 and Figure 6.

Applicants respectfully submit that the amendments to the drawings do not introduce any new matter. This amendment corrects typographical errors in the figures as explained above. Support for the corrections are found in the description of the various figures in the specification.
